USC Mann
Alfred E. Mann School of Pharmacy and Pharmaceutical Sciences

2025 INTERNATIONAL STUDENT WINTER PROGRAM (ISWP)

February 3 - 13, 2025

CALLING FOR PARTICIPANTS!

The USC Mann School is pleased to invite students from partner institutions to take part in the virtual 2025 International Student Winter Program.

The Mann School of Pharmacy and Pharmaceutical Sciences has created an intensive and innovative group-based course that integrates expertise in drug development, clinical treatment, and regulatory science to address global health issues. Students will work in interdisciplinary and international teams as they examine the scientific, clinical and regulatory aspects of drug action. USC faculty members will lead synchronous learning modules in the core content areas, and USC students will facilitate group projects through online meetings and offline communication. Teams will present their final project at the conclusion of the program. Participants will receive a certificate of completion.
